

Unit 1

Who wrote that? (DIY FWW [Do It Yourself Find Someone Who])

Preparation: none

Procedure:

1. Have each student tear a piece of paper into four squares.
2. Dictate the following *sentence starters*. Students write what you say and complete each sentence so it is true.

Sentence starters:

- My birthday is in _____(month).
- My favorite singer is _____.
- I like to _____.
- My favorite actor is _____.

3. Collect all the squares. Mix them and give one to each student. Students stand and move around the room. They ask questions (Is your birthday in January? Is _____ your favorite actor? etc.). When they find someone who says yes, they write that person's name on the square. The a new sentence from you. The winners are the people who get the most sentences.

Note: They don't have to find the person who actually wrote a particular sentence -- just someone for whom it is true.
