

EF1 UNIT 2

Tell Me About a Time

Preparation: Photocopy a set of emotion cards for each group of 3-4 students. The words appear below.

Procedure: Students work in groups of three. They place the cards facedown on a table. They take turns turning over cards. Each player tells about a time he or she felt the emotion listed on the card. Each partner must ask at least one follow-up question. If the groups finish early, they can mix the cards up and play again. □
